“Marcus is an excellent Animator with a great mix of artistic, technical skills and terrific attitude. He is the one that you can count on, when the work is tough as he always welcome challenges and constantly pursuit for the better quality. Besides that he is also an excellent problem solver and researcher, he is extremely patience and will always go through all possible solutions until he finds a way to make it work! Passion Republic is lucky enough to have him with us before, and we definitely look forward to have more collaboration with Marcus in the future!”

“I have seen Marcus grow and grow as an animator, he is eager to learn, Marcus takes feedback very well. Every shot he does shows great thought process and fun ideas. He is becoming a strong Hybrid animator. I look forward to seeing more of his work in the future. You will not be disappointed having this artist on your team.”

“Marcus has been one of our guiding stars. He took on a shot, focused on it, found lots of research, planned it thoroughly and then followed through by really pushing the rigs to their limits with frame to frame attention to detail. He's a good communicator, knows what he's capable of, and pursues his goals with passion. I continue to enjoy working with Marcus as he takes on other tasks to learn and be a part of our community. Highly recommended!”
